Jemal Norwood Joins the WestAir Operations Team

July 21, 2016

WestAir Gases & Equipment, Inc. announced as of today, **Jemal Norwood**, has joined the team as Plant Manager out of Anaheim, CA. In this role, Norwood will be responsible managing all of the plant and distribution in the L.A. Basin region.

Jemal Norwood brings over 20 years of extensive industry experience including both major and independent industrial gas companies.

“Jemal is a great addition to WestAir and we look forward to the value that he will bring our team and our operation as a whole,” said Austin Romesberg, Vice President of Operations for WestAir Gases & Equipment, Inc.

WestAir Gases & Equipment, Inc. is a largest independent distributor of gases & equipment in the Southwestern region. Currently, WestAir operates 20 locations in California, Texas and Arizona. For more information regarding the company, please visit www.westairgases.com.
